

Student Name: _____

What Connects Us

Instructions: Answer this prompt by drawing in the box provided.

The 2026 Hispanic Heritage Month theme is UNIDOS, SOMOS MÁS, or Together, We Are More. Being united doesn't mean everyone has to be the same. Communities can include people with different experiences, traditions, languages, interests, and backgrounds. Today we're going to look for connections among some of the things that matter to us.

Place one idea, phrase, or drawing in each hexagon:

- Something my family or community values
- Something that brings people together
- Something I would want to continue into the future
